"Products That Don't Cost The Earth"

CAUSTIC SODA

98.99% SODIUM HYDOXIDE

(Hazardous according to criteria of Worksafe Australia)

CAUSTIC SODA is used to make a solution to generally clean floors and drains.

CAUSTIC SODA is also used for making of hard or soft soap.

CAUSTIC SODA can be used for removal of old paints.

HOW DOES IT WORK? HOW TO USE?

WHERE TO USE !!! HOW TO USE!!

General Cleaning: Dissolve 110g in 2 litres of water this makes a very effective cleaning solution for the removal of grease from drainpipes , gully traps, concrete floors, barbecues, kitchen utensils and for cleaning of toilets.

Removal of Paint: Dissolve 110g in 1 litre of water this makes a very effective corrosive solution for the removal of old paints.

CAUTION :

CAUSTIC SOLUTION will corrode aluminum and galvanized metal surfaces. It will etch glass. In case of spillage flush off immediately to avoid damage.

Active Ingredients
