Allergen information Rinse Products

14/11/19

To Whom it may Concern

The products on the list below are deemed 'Fit for purpose' as cleaning compounds for their Intended use as outlined on the product label, specification sheet or as specified in Cleaning procedures

- 1) Residue on treated surfaces is not expected when used according to the directions on the products label
- 2) Food products and food packaging materials should be carefully protected or removed from the room whilst using these products and surfaces are to be thoroughly rinsed with potable water after using these products.

It is not expected that treating surfaces will introduce allergens (gluten, crustaceans, fish, peanuts, soybeans milk, eggs, tree nuts, sesame seeds sulphites and lupin)

Regards,

Emin Safak
