ACACIA AIR

Acacia Air freshens bathrooms, resident rooms and public areas. These beautiful fragrances are designed for consistent and powerful 30-day performance which is why Acacia Air outperforms gels, wicks, and even aerosols.

Womens Washrooms

Restaurants

Offices

Where to use:

Designed to freshen larger open spaces without the use of batteries, the open-air design creates maximum surface area exposure and space for air flow which provides effective and efficient fragrance release.

Always works, NO batteries required, easy to mount.

Does not need batteries, simply works on airflow near your washroom entry door. Should be placed at nose height.

Perfect for Hospitals and Aged Care facilities.

This non-aerosol air freshener is perfect for use where you can't use aerosols due to respiratory issues.

Fits in a variety of dispensers.

Fits in our own Fresh-brand dispenser.

“use these products to **freshen up** your ladies bathrooms”
