Rest-rooms, Hallways, Public Areas, Hospital, Aged Care, Schools, University's, Day Care, Shopping Centres, Hotels, Resorts, Restaurants, Offices, Clubs, Gyms, Train Station & Airports

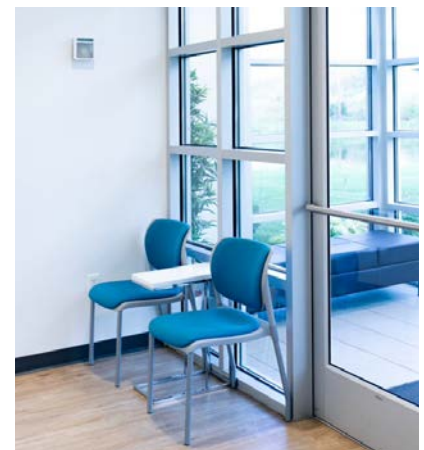

### Restrooms

### Hallways

### Lobbies

# OUR FRESH

## Non Aerosol Air Freshener

Innovative Smart program ensures an equal fragrance release over 30 days. Contains a light sensor to conserve battery life so the unit only works when the room is in use. The smart chip controls the programming so the fan runs sparingly in week 1 and gradually turns more frequently over the 4 week period, helping release the same amount of air freshener daily over 30 days.

### Tech Specs

- Light Activated – Only runs when the lights are on
- Requires one C Alkaline Battery
- Removing the battery starts the program over at day one
- GREEN light blinks when fan is running, RED light blinks when battery is low or on day 30
- The word 'REPLACE' flashes on day 30
- An audible beep begins on day 33 if the refill and battery have not been replaced

## Premium Performance

Up to 2 x the fragrance than metered Aerosols and more consistent fragrance release from day 1 to day 30

MFR NO.	DESCRIPTION	SCENT	COLOUR	PRICE
INTOFDISP	Our Fresh Dispenser	-		\$54.45
